Dear Policyholder,

Scottish Mutual International (SMI) With Profits Series 1 Customers.

Your With Profits Policy

I am writing to keep you up to date with the performance of the SMI With Profits Series 1 Fund and what this means for you.

How we manage the With Profits Fund

We are dedicated to ensuring that all our With Profits policyholders are treated fairly. To do this we continue to manage our With Profits Fund as explained in our Principles and Practices of Financial Management.

Deciding on Annual and Final Bonus and Reducing Market Value Reductions (MVR)

We have declared a zero annual bonus for 2007. We continue to review the final bonus amounts on a regular basis and we will send you a letter annually as well as providing updates on our website www.smi.ie.

A MVR will reduce the value of the units when you take them out of the Fund. It is designed to ensure that all policyholders are treated fairly.

Fund Performance

From 1 January 2006 to 31 December 2006, the Fund delivered the following returns (before tax and charges): Euro 7.5%, US Dollar 9.5% and Sterling 6.2%

The Fund returns are taken into account when determining Final Bonus. The Final Bonus rates were last reviewed in November 2006 and will be reviewed again in June 2007.

Please remember that past performance is not an indication of future performance and the value of investments can go down as well as up.
